MEMORANDUM FOR: THE RECORD

SUBJECT : Project MKULTRA, Subproject 137

1. The purpose of this Subproject is to support the work of Dr. [REDACTED] of the [REDACTED] in completing a psycholexicon on handwriting according to the attached proposal. Dr. [REDACTED] has an international reputation for her work in graphology and speech. She is advanced in years and her health is failing. It is important that her manuscript, now eighty percent complete, be finished in order not to waste many tedious years of effort.
2. [REDACTED] in support of its general requirement to further the Agency's capability for the indirect assessment of personality, continues to approach the problem of handwriting identification and analysis in a number of ways. The availability of a sophisticated description of the terms and procedures of professional graphologists would prove a great aid to this effort.
3. This project will be funded through the [REDACTED] for security and cover purposes. Accounting for funds expended shall conform to the established practices of that organization. No permanent equipment will be required for the project.

A PROPOSAL FOR SUPPORT TO COMPLETE THE MANUSCRIPT OF A PSYCHOLEXICON ON WRITING AND THE WRITTEN WORD

B

C

Submitted to the [REDACTED] Principal Investigator

INTRODUCTION. The compilation of lists of psychological terms and their accepted usages has seldom been attempted in this country, except for limited glossaries appended to elementary textbooks in psychology. For the most part, such compilations have ignored the role of handwriting as an indicator of personality and an instrument for the prediction of human behavior. Consequently, no compendium of terms exists for student or layman which deals with the history and evolution of handwriting, its psychology and psychopathology.

This proposal is a request for assistance to complete the manuscript of an illustrated psycholaxicon of writing and the written word. A draft of the manuscript, including illustrations, is presently 80 per cent complete.

METHOD. The applicant will continue to draw upon an extensive background in clinical and experimental psychology that includes long experience as a graphologist in Europe and America. (See enclosed Curriculum Vitae and Abridged List of Publications.) In addition, the facilities of the [redacted] and the library of the [redacted] as well as working relationships with the staffs of the [redacted] and the [redacted] are available.

TIME. As stated previously, a draft of the manuscript is estimated to be 80 per cent complete. An additional 12 months will be required to complete the work.

137-11

PROPOSED BUDGET. The funds requested below cover a 12-month period and will be applied to the salary of a part-time research assistant-secretary, and will pay for photographic and photostatic services necessary for completion of the project.

<u>Item</u>	<u>Amount</u>
Salary, principal investigator	None
